

PRAGADEESWARAN V

BUSINESS, FINANCIAL & RISK DATA ANALYST

Trichy, Tamil Nadu, India - 621 305 | +91 9345832080 | pragadeesh2704@gmail.com
Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Results-driven **Electronics & Communication Engineering Graduate (CGPA: 8.01)** with published international conference research (**ISRO Space Tutor / SEGi University Malaysia - ISBN: 978-8192098401**), professional experience in **Healthcare Data Validation** at Omega Healthcare, and industry certifications in **Foundation in AML & KYC (CPD Certified)**, **Business Analytics with Excel (Microsoft/Simplilearn)**, **IBM SkillsBuild**, **CISCO Networking**, **JIRA Agile Management**, **Power BI**, and **Financial Risk Analytics**. Proven developer of interactive executive dashboards, web-based financial risk engines, automated AML transaction alert portals, and AI/ML hazard prevention systems. Skilled at leveraging **Power BI, DAX, Power Query ETL, SQL, Python, Excel, JIRA, React.js**, and **AI Prompt Engineering** to convert complex raw datasets into actionable business intelligence, regulatory compliance audits, and strategic operational insights across the **Business, Finance, and Banking** sectors.

TECHNICAL SKILLS & CORE COMPETENCIES

Financial Risk & Compliance: Anti-Money Laundering (AML) Rule Detection, Know Your Customer (KYC) Risk Scoring, Non-Performing Loan (NPL) Monitoring, Transaction Anomaly Detection, Enhanced Due Diligence (EDD), Portfolio Analytics
Business Intelligence & BI Tools: Microsoft Power BI, DAX Calculations, Power Query ETL, Star-Schema Data Modeling, Business Analytics with Excel, Executive Dashboards, Advanced Excel (Pivot Tables, VLOOKUP)
Project Management & Agile Tools: JIRA, Agile Methodologies, Workflow & Ticket Management, Technical Documentation, Sprint Coordination
Data Engineering & Networking: SQL (MySQL/PostgreSQL), Python (Pandas, NumPy, Scikit-learn), CISCO Network Essentials, C (Basic), AI Prompt Engineering (Claude, ChatGPT)
Domain & Operations Experience: Banking & Loan Portfolio Risk, Healthcare Revenue Cycle Management (RCM), Accounts Receivable (AR) Data Validation, Industrial IoT (TANSAM Industry 4.0), Retail BI
Interpersonal Aptitude: Data Integrity & Accuracy, Financial Problem Solving, Risk Assessment, Technical Communication, Stakeholder Reporting

PUBLICATIONS & INTERNATIONAL CONFERENCES

- Published Research Article (ISBN: 978-8192098401):** "Smart Geo-Hazard Precaution System using IoT and LoRaWAN" – United International Conference on Technologies, Research, Product Developments and Space Science (In collaboration with **ISRO Space Tutor Centre & SEGi University & Colleges, Malaysia** | Paper ID: UICON25064 | May 28, 2025).
- National Conference Paper Presentation:** "Air Quality and Emergency Safety in Public Restrooms using IoT" – 7th National Conference on Emerging Trends in Communication and Networking (ETCAN'24), Kongunadu College of Engineering & Technology (Apr 06, 2024).

WORK EXPERIENCE

AR Process Associate (Data & Insurance Verification)	Oct 03, 2025 – Mar 11, 2026
<i>Omega Healthcare</i>	<i>Trichy, Tamil Nadu</i>
- Executed high-volume healthcare financial & insurance data validation, auditing patient policy coverage, claim parameters, and pharmacy billing records across multi-payer databases with 98%+ verification accuracy. - Analyzed financial eligibility discrepancies and claim variance patterns, identifying root-cause billing anomalies to prevent claim rejections and optimize revenue recovery workflows. - Leveraged portal databases and healthcare software systems to query, extract, and reconcile patient financial records, ensuring strict data compliance and operational integrity. - Monitored and reported daily verification performance metrics and error trends, utilizing data analysis to streamline verification workflows and improve turnaround times by 15%.	
IoT Systems Intern (Cert ID: ATS/IPT/1033)	Jul 15, 2024 – Aug 16, 2024
<i>Aiverz Technologies</i>	<i>Trichy, Tamil Nadu</i>
- Completed 24-day intensive hands-on internship training, engineering hardware-software data communication interfaces and integrating sensor modules with microcontrollers for real-time telemetry. - Optimized data transmission protocols, reducing telemetry packet loss and ensuring data logging accuracy across embedded hardware nodes.	

FINANCIAL & BUSINESS ANALYTICS PROJECTS

Small-Lender Loan Portfolio Analytics, AML & KYC Risk Dashboard

React.js & Financial Risk

Live Demo: [lending-risk-analytics.vercel.app](#)

GitHub: [github.com/Pragadeeswaran2704/lending-risk-analytics](#)

- Architected an end-to-end financial risk analytics portal in React.js, tracking lending portfolio performance, collection rates, and Non-Performing Loan (NPL) health metrics using interactive Recharts visualizers.
- Engineered a rule-based Anti-Money Laundering (AML) transaction monitoring engine, detecting suspicious structuring/smurfing patterns, third-party repayments, and rapid loan cycling with automated alert queue generation.
- Implemented a weighted KYC risk-scoring model classifying borrowers into Low, Medium, and High risk categories to support Enhanced Due Diligence (EDD) and regulatory risk reporting.

Retail Sales & Business Intelligence Dashboard

Microsoft Power BI & DAX

GitHub: [github.com/Pragadeeswaran2704/Retail-Analysis](#)

- Developed an executive Business Intelligence dashboard in Power BI to analyze retail business revenue performance, customer purchasing trends, and profit & loss metrics across multi-dimensional perspectives.
- Built custom DAX measures and Power Query ETL pipelines, executing data cleansing, star-schema relational data modeling, and dynamic KPI calculations to empower data-driven business decisions.
- Leveraged AI-assisted prompt engineering (Claude & ChatGPT) to optimize complex DAX logic, generate predictive trend insights, and refine executive dashboard UX.

Data Analysis & Forensic Science Job Simulation

Deloitte

- Executed forensic data analytics scenarios, auditing transaction logs to isolate data anomalies, duplicate billing records, and financial compliance variances.
- Created interactive data visualization reports, translating complex audit queries into executive-ready visual summaries for stakeholder decision-making.

Smart Geo-Hazard Precaution System using IoT, AI & LoRaWAN

Raspberry Pi 4 & Machine Learning

- Engineered an autonomous solar-powered landslide warning system on Raspberry Pi 4, integrating MPU6050 3-axis MEMS accelerometers (I2C), DHT22, soil moisture, and rain sensors via an MCP3008 ADC (SPI).
- Trained a Random Forest Classifier in Python (Scikit-learn) on IMD environmental datasets, achieving **92.86% predictive accuracy** for real-time hazard risk detection.
- Architected a resilient tri-mode alert & off-grid communication framework utilizing local siren buzzers, Twilio REST API (SMS), SMTP email reports, and LoRa SX1278 (433MHz) long-range wireless packet transmission.

IoT Vehicle Accident Detection & Emergency Dispatch System (Naan Mudhalvan Scheme)

GitHub: [github.com/Pragadeeswaran2704/IoT-Project-](#)

- Designed an automated accident response unit utilizing MPU6050 accelerometers to detect impact vectors and vehicular rollovers.
- Programmed Neo-6M GPS & GSM SIM900A modules to extract real-time geospatial coordinates and dispatch automated emergency alert SMS to hospitals and ambulances.

EDUCATION

B.E. Electronics and Communication Engineering (CGPA: 8.01)

2021 – 2025

M.I.E.T. Engineering College

Trichy, Tamil Nadu

Secondary & Higher Secondary Education

Vidyal Matric. Hr. Sec. School

SSLC: 90.0% (Distinction) | HSC: 72.6%

CERTIFICATIONS & TECHNICAL WORKSHOPS

- **Foundation in AML and KYC** – KYC Lookup (The CPD Group Approved Provider #782462) | Issue Date: Apr 2, 2026
- **Business Analytics with Excel** – Simplilearn SkillUp (Powered by Microsoft) | Cert Code: 10620927 (Aug 19, 2026)
- **Data Analytics Job Simulation Certification** – Deloitte (via Forage, May 27, 2025 | Verification Code: maQGwxat8src97hbo)
- **Naalayathiran – IBM SkillsBuild** – IBM / Naan Mudhalvan Scheme | Cert Code: NMO2324EAU23551610291 (Oct 2, 2025)
- **Network Essentials** – CISCO / Naan Mudhalvan Scheme (EdCreate Foundation) | Cert Code: NME2223EAU22391610291 (Aug 19, 2026)
- **Industrial IoT and Industry 4.0** – TANSAM / Naan Mudhalvan Scheme | Cert Code: NME2324EAU24811610291 (Aug 19, 2026)
- **Introduction to JIRA** – Simplilearn SkillUp | Cert Code: 10616876 (Aug 18, 2026)
- **PowerBI Workshop (AI Dashboards)** – OfficeMaster | Cert ID: 4d173e82-3861-47b4-ab33-09d1da812849125038 (Nov 24, 2024)
- **Certificate of Appreciation (Panelist)** – Bharat Heavy Electricals Limited (BHEL) (Oct 18, 2024)
- **All India Workshop on AI & ML Applications** – The Institution of Engineers (India) – IEI (Sept 20-21, 2023)
- **Workshop on Building Energy Management using IoT** – National Institute of Technology (NIT Trichy) (Feb 5-9, 2024)
- **VLSI Career Opportunities Webinar** – ChipEdge (Dec 19, 2022)
- **International Level Quizathon Series 175 (Certificate of Merit)** – Yavarum Kelir Skill Development Assoc (Govt of TN / MSME / NITI Aayog) (May 13-18, 2024)

- **Certificate in Effective Communication** – Great Learning Academy | Verification: MAZYUABR (Dec 2024)
- **Certificate in Data Visualization** – Great Learning
